

40 CENTRAL SUNS RESONANT WITH THE 40 WORLDS IN THE "TEMPLE OF THE WORLDS", INCLUDING EARTH/VENUS.

SPECIAL AVEBURY (RESH) EXPANSION BY A DEVELOPING LEY WITH STRONG CENTRAL SUN ENHANCEMENT. TWO STRONG LINKS TO THE N-S URMAGA (ORION) HENGES LEY. (ONE OF MANY SUB-SYSTEMS RECENTLY INSTALLED,)

The "KA'MA'LAT": "Oversoul formation of the MOTHER... an 'Oversoul' group form sends the 'ka's' forth into Dominion Realms to trigger re-gensis of worlds." (TothHorRa Khandr/Maia Kamala)

(Q) There appeared to be a large collection of Worlds involved in a common project in which we were representing this World. If this is correct, what part of the synergic contributions did our World contribute?

(A) **CREATION FIELDS FOR NON-LOCAL HABITATS...that is, habitats not bound by spatial environments.**

This crop formation (40 blue Central Sun triplets) seems to represent a higher harmonic of the "Unified Worlds" (above question. It also aligns on one of the White Horses and projects into an important ley system.)

(Q) What is the intended function of this Formation?

(A) **Alignment of World Systems with universal central sun.**

THIS PORTION OF THE UK ALIKAR GRID UPGRADE OF 2010 CONTAINS THE VITAL 40 CENTRAL SUNS FORMATION OR "KA'MA'LAT." THIS IS PART OF A LEY SUPPORTING THE AVEBURY AND ALTON BARNES WHITE HORSE MATRIX (RESH POLE IN THE ALIKAR GRID).

(Q) What do the 2 plain circles represent?

(A) **Flashing universe from within Black Hole of central sun. Exchanging codes between two ununiversal systems...the other being the Attassic.**

(Q) What do the two solid colored circles represent?

(A) **The resultant generative fields created by this exchange.**

(Q) What is the meaning of "40" generally and how does it apply here?

(A) **40 stages of progression as this universe moves toward unification with the next stage of "embrace" into the Attassic (not the full embrace, but next stage). These cycles are not linear. They are on-going simultaneously. This is an inter-dimensional synergic unit.**
