

# CHEN-AUR GRAIL-HARP STAR FIELD

“CHAMPS DE TIR” (Field of firing, shooting) Apparently a French military base in SW France, about 225 square miles. The geometry acts as a “Meta-Harp” able to process down-streaming from LYRA. This is located exactly in the SHIYN pole of the large “IKi-Nubai” Reshel grid upgrade with its new Zayin pole in the BLACK SEA forming the Metatronic SHAMBALA GATE for the Planet-Brain’s AJNA pole (the Aegean Sea, Greece) interacting with HAWAII, the planet’s Roil/Royale Pole.

The above E-W grid axis L-Shifts to England’s Ur-Maga, Belt-of-Orion and Sirius Thornborough Henges South ley (picking up Crop Formation grid links) to this Champs de Tir, Shiyn pole. Thus this system unifies the two major star streams and feeds the World Soul via the Shambala Gate to Hawaii.

The military restricted land would protect the integrity and stability of the land area and would be “invisible” to Metatronic level activity.
